

## Kids Workshops & Activities

Thinking outside the Xbox!

We have a great range of activities planned for all ages and interests. Many of our top performers will offer specialised workshops and performance for children.

We will also have a host of craft making workshops that will be geared towards our Big Parade, so that our children can take part, as well as other activities that our children wouldn't usually have a chance to do&hellip; including Parade Costume Making, twirling stick making, masks, simple instrument making and decorations.

This year at Point Wolstoncroft we will also be offering other arranged activities including sailing canoeing and rockwall climbing

Bring the Kids to CoastFest there will be heaps of fantastic unusual and worthwhile activities this year to keep the young ones well and truly occupied away from TVs DVDs Playstations and Xboxes!
