

Member Login

CoastFest members please login here >>>>

Make sure your profile is up-to-date, in particular your contact details and information on the area you want to be involved in.

If you have specific things that you want to do please make contact with an area co-ordinator and get yourself onto a team.

Contact details for area co-ordinators are available from the menu on the RH side of the page in the members area as well as all member related info. You will need to login however to access this information.

If you have joined up as a Festival Builder time is running out to contribute before the Festival - if you have not yet been given a task please contact an area co-ordinator or our volunteer people to contribute otherwise you will be rostered on as general Festival Crew.
